

# Mission Statement

The Bluffton Public Library provides recreational, informational, and educational materials and services, and facilitates access to materials and information beyond the collection. Programs for all ages from birth through adult seek to encourage and enable a process of life-long learning, helping our community grow, learn, and create—developing our patrons into citizens who care and contribute to their surroundings.

To express interest in this service for you or your loved one, please call the library at 419-358-5016, email [psc@blufftonpubliclibrary.org](mailto:psc@blufftonpubliclibrary.org) or speak with the Activities Coordinator at your senior living facility.

# Outreach Delivery

Bluffton Public Library aspires to make resources & materials available to all members of its community—including those unable to visit the building.

Because of this mission, BPL staff & volunteers make monthly deliveries to:

Mennonite Memorial Home

Maple Crest Senior Living Village

Willow Ridge Green House Homes

& the residences of permanently or temporarily home-bound patrons living within the Bluffton School District.

A library staff member or volunteer will assist you with signing up for a library card (if you do not already have one) -

- and a questionnaire to help our Public Services Coordinator find or request items that you will enjoy. Tell us your favorite authors, subjects, or genres, or if you want specific titles, you may call the library as you find them on your own.

Materials available include:

- Regular & Large Print books,
- Books on CD (require CD player),
- Books on MP3 player (require headphones),
- and magazines.

Items are delivered once a month & then picked up on the delivery day of the next month. Delivery routes are typically completed on the 2nd or 3rd Thursday of each month.
